HAUNTED HOUSE- KEEPER

Ever since Tammy Marsh inherited an abandoned—and supposedly haunted—miner's shack, she's been looking for ghosts. But the only thing anyone has ever seen there that's really out of this world is Tammy herself!

Tammy visits her "haunted house," which is just outside San Bernardino, California, once a month. "To sort of check up—and to have some fun, too!"

"It's a very deserted place," she says, "and a girl can really let her hair down without worrying about what the neighbors might think!"

We don't know if there's any spirit wandering about in the old miner's shack, but there's certainly plenty of spirit in the nifty new owner!

"They say more than one drifter has tried to set up housekeeping here," says Tammy, "only to leave in a hurry, swearing the place was haunted." She stayed overnight herself once—with a brave girlfriend. "We didn't see anything. But we were afraid to sleep and played Beate records—real loud—all night long. Maybe that scared the ghost away!"

See next page

If the ghost hasn't showed up with Tammy around, he's a dead one, all right! She's a double for movie actresses.

Born in Hollywood, the only time Tammy has been far from Flicksville was when she "did time" in a snooty girls school in N.Y.

She takes acting lessons and "will probably be a star someday." Meanwhile, with her physique, she doesn't have to be Bernhardt to make a good buck. When a scene calls for a top actress to do a nudie bit—like in a bathtub or such—and the star isn't built for stares, Tammy's the one who often puts her back to the camera in the star's place. "It sounds like a bare living," she says, "But with all the nude stuff they're shooting these days, it pays well." You can never see her face very well, natch. But, in those scenes, who looks at the face?

A DEVIL OF AN ANGEL

Not one to mask her feelings, Audrey Gates faces right up to artifact used in jungle Devil Dance. (As if any devil could lure men into his spell as easily as angelic Audrey can!)

See next page

Her angelic look only makes the result all the more devilish as Audrey models the very latest in way-out, ultra-Med wedding outfits!

Audrey, who won "Miss Form Queen of the Midwest" title for 1967 says she wants to be a model and came to New York (expenses paid by Form Queen lool) to get her start in career.

She expects to attend the famed Barbizon School of Modeling, but she'll have to work part-time to help pay her way.

The outfit, rather skimpy to begin with, was actually reduced to exactly what you see here for a recent nudist camp marriage in Sweden.

The contest Audrey won also offered some scholarship money, but it wasn't for type school she wants to attend, so she turned it down. Why should she go to college to become equipped for a classroom or lab job—when she already comes completely equipped for the glamor model field?

No wonder everybody calls her darling! Doris Darling is the magnificent young maiden's name. But, like the poet said: a darling by any other name would still be called darling—if she looked like our darling Doris!

Truly a

Like the song says, it's not nice to "call everybody darling." But some girls are just darling, period. They are cute, lovable and cuddly—and real dolls? So what do you call them if not darling? Especially one who is called Darling by darn near every man that she meets—even her college professors!

Doris Darling is a doll-icious 120 pounds of sun-kissed honey, 5'5" tall, taping 37-24-36 around the most doll-ectable areas.

She majors in foreign languages at Glassboro State College (New Jersey) and wants to work at a foreign embassy after graduation.

Darling

Doris says she is not interested in being a full-time model—but admits she enjoyed posing for these pictures.

Her hobby is dressmaking, and she makes many of her own clothes. She wears miniskirts, but not on the campus.

With her figure, she'd look socko in a topless, too. "No thank you," Doris says, "there are more important things!" Maybe so, but no bona fide girl-watcher believes that for a single second!

Outsiders All...

As the days begin to grow shorter and the crisp breath of autumn nears, the nation's fields and streams, parks and patios, backyards and beaches become the Mecca for countless curvesome chicks who are eager to cash in on the glory of Indian summer ere Jack Frost makes the scene. To give you a picture of what all this adds up to, we had our fotog survey the situation. We think you'll agree what it does add up to are some nicely rounded numbers!

Taking a deep breath of salty, seaside air, Marcia McCann wants to enjoy every minute of the summer sun that she can, before Jack Frost puts an end to the caper. A secretary in Manhattan, she hits Jones Beach, on Long Island, every weekend.

Lynn Parker stretches a well-turned torso on private beach, soaking up the Vitamin D giving Ol' Sol a sight to keep his fires going all the winter long.

Winter can be fun, snuggled in front of a blazing fireplace, but nothing can quite compare with that F-R-E-E feeling that a girl gets facing the great outdoors the way Pat Devlin and Tedi Mark are doing here.

All alone by a rambling brook—that's Mary Langly's favorite way of passing the time. A receptionist in Philadelphia, she loves camping out in the Poconos.

Dee Shell is like a surprised Doe as camera catches her without warning and without threads on lakeside dock.

Wouldn't you
love to be the
guy next door
to a girl next
door like lush
Lise Olesen
as she makes
the most of the
Indian summer
weather before
goose-pimple
days roll in?

Dancer Ina Young thinks nudism great
for keeping in shape. Much prefers
outdoors in summer to gym in winter.

Long hops are all in a week's work for airline host-
ess Fran Charles. Boston is her home base, and when
home she "plays" in farm creek when weather allows.

Eager for every ray of sunshine she can get as winter
creeps nearer, Lee Fisher has put mattress under
eaves on roof. Oh, to be a second-story girl-watcher!

CALCULATING TYPE

Valerie Patton—a Girl Friday who's nice to have around all week long—has figured out how to keep comfortable in the hot summer months by subtracting some clothing she adds to her wardrobe. "I can't lose all that he had,"

We say Tammy's not the type to go out of her way to get attention, simply because she can get all the attention she wants without going anywhere, period. Of course, holding bosom friend over one's head will draw a few stares.

"But, gosh, what do you want me to do—just sit here?" the magnificent blonde asks the mesmerized lensman. Just sitting there, Tammy does more to the average male between the ages of 8 to 80—than she could possibly imagine!

VAMPY VIXEN

Some girls would do anything to attract attention—like dance around in a baby blue spotlight, or prance about the house when the glamor photographer comes around to get some snappy snapshots. Tammy Saunders, who is a terrific dancer at night—and cuts a nice figure by day, too—isn't *that* type, natch!

But sitting still is about as easy for Tammy as it is for a healthy young kitten with ball of yarn. Even exotic dancing she does each night doesn't sap her energy (altho it does leave audience weak!).

We don't have enough 8 x 10 glossies of Jeanne to send one to each GI who has requested some, so we're giving her the 3-page gig, which add up to nine new views of this fighting man's favorite!

THE GAL OFFICER

A curvy commanding Officer, whose strategic developments are of the very highest caliber (36-24-36 MMMM), Jeanne is nicely outfitted for inspection detail. And she represents the ideal that men have figured was worth fighting for since time began.

Keeping this eyefilling Officer under surveillance would be the dream duty of every American boy who's old enough to answer a call to arms. Jeanne has the equipment to score a direct hit every time.

Some zing for the boys! Her foto has appeared in over a dozen magazines within just the past year, and our mail tells us Jeanne's face (and figure) will decorate many a barrack wall both Stateside and in Far East.

ALL GI's LOVE!

From the boondocks of Vietnam to the bayous of Parris Island, the number of GI gripes would go down like snow in July, and the morale would shoot up like a rocket on its way to the moon, if the Officer seen here (in full undress uniform) were in personal command! You'll get the general idea when we tell you that this 4-star favorite is Jeanne Officer, and we're answering our GI mail call by putting her pulchritude on parade.

Jeanne poses for glamor shots and for illustrations in the "confession" and "detective" type magazines.

"I get bored easily," she says. Having modeled for all of two years now, she's really bored by it (which is one thing that can never be said about beauty buffs who look at the fotos).

See next page

When you're young 'n' shapely and packed with all that pulsating p'zazz, you can't just quit work and sit around home with Sonny and Cher on your turntable—so Jeanne has begun practicing for a dancing career, while pulling out of modeling.

She hopes to take off (it's that kind of dance!) on new career in a New Orleans nightspot soon. This means (sob!) we won't see much of her in mags anymore. But anyone lucky enough to catch her act may possibly see as much of Jeanne as they ever did in camera studies (it's that kind of dance!)

Strip-ling

Secretary

Sandy Lyden, a stripper by profession, has become the prize pet of London's bored businessmen—because of a racy routine in which she shows how a Girl Friday could keep an office buzzing all week long!

See next page

Soho is a show-biz section of London where many mini-clubs offer strip acts both day and night. Sandy is one of the day-time disrobers, and she devised this bit as an appetizer to go with businessman's lunch.

A clothes call? Sandy has some pretty snappy lines to greet callers with, but they lose their POW-power over a phone. With Sandy on the job—who'd ever want to take a day off?

Clock-watching would suddenly cease to be the prime pastime in any office where she got down to business. Sandy-watching would become the main attraction. She fills out a form beautifully!

Her first day on the job, Sandy solves a problem that's been bugging secretaries ever since the type was invented—namely, how to change a ribbon without getting ink smudges on one's dress. She also shows how a girl can keep her cool around the office—but, oh, how she'll warm up the conversations around the old water cooler!

Flaxen-haired Tammy has the corn-fed curves of an Iowa eye-fu!—which is natural, since she was born and raised in the greatest corn-producing state in the nation. (Aw, shucks!)

Quick Dip

There are cigaret breaks and coffee breaks. And then there's the kind of break that Hollywood script girl Tammy Holmes takes when she has to get back some of her cool. A quick dip in the pool is what it takes to turn Tammy back on again. (And what a break it is for us to have this look at Tammy taking one of hers!)

did give her a job. During some shooting, Tammy memory fails him, it's up to her to remind him of

...in shooting of new film, tentatively
Spy. She still hopes to be an a

No Squawk About This Squaw

At the recent Artists & Models Ball in Hollywood, dozens of red-blooded American males let out a whoop and almost went on the warpath when they spotted a real Mod Minnehaha—without her miniskirt! The sweet Sioux was Alice Rain, and when she appeared in a native bareskin, it was quite obvious that she had no reservation!

Alice is a model in a Los Angeles department store. She has a terrific torso for showing off anything from see-thru bras to topless bathing suits, as well as those skirts that go all the way to a girl's elbows when she sits down in one. She rides to work in a new Mustang.

Now that the Topless is here,

By her attitude, Meg Sanderson shows you how much she cares whether or not next year's styles will reveal all the nude that's fit to squint. She also shows why she is always out front whatever the style!

From top to bottom, Michele Nichol measures 37-24-35 in the proper places. Pat Barringer tops Michele, in a way, by taping in at a pert 38-24-36.

Dolly Wagner (above) and Daphne Cutter (below) say men love to see girls in topless swim suits (Sweden), gowns (Germany) and simply topless (U.S. discotheques)—but don't like their own girls to be topless!

Lana Radgers (above) and Wanda Lambert (right) have more in common than meets the eye. Both are West Coast models who were born in New York City, and each hopes to make it big in the movies or TV.

Men design dresses, but Mother Nature designs the material that goes into them. Shirley Street is *tres chic* type.

Marilyn Wesley is a stand-out example of the kind of lines that every top designer strives to get into his clothes.

An example of the American-Maid at it curviest best, blonde Betty Stevens tapes 38-24-36 from top to bottom. With 118 pounds on a 5'7" frame, she's packed full of a zazz.

Water-droplets add an extra touch to the already sparkling beauty of Bridget Pulver as she emerges from dip in patio pool on West Coast. Meanwhile, 3000 miles away in New York's Greenwich Village, Ettalie Smith puts on her private pulchritude on parade as she gazes pensively at our photographer's magic box. Though a continent apart, the girls are sisters in the skin as far as work is concerned. Both are top figure models, which means they pose in their birthday suits—for glamormen and artists.

See next page

DE-luscious in living color, Lisbeth Lindberg is an example of what the poets call "the stuff that dreams are made of."

Tiffany Lane (below) has a richness about her that's not due to her name alone. As a model, she earns \$50 an hour!

The beauty of being well-built, like the well-built beauties who are caressing your optic nerves on these pages, is that it really doesn't matter if dresses are ankle-long or thigh-high, Topless, Bottomless or both—a girl who looks good in nothing will look good in anything!

No matter what she wears—or doesn't wear—Norma Wallace could never have a "topless" look. And we're glad of that!

June Palmer is known in the glamor business as "The face (and form) that's launched a thousand covers." She's appeared on numerous magazine covers, from confession to general type, magazines catering to bachelor girls as well as ordinary bachelors.

The Collector's Collector

Manhattan model Susan Park is proud of her collection of various objects of art. Yet, the most prized item that adorns her apartment is, without a doubt, Susan herself!

Although she's a long way from being able to afford original masterpieces, this lass who's as pretty as a picture is content with her several fine prints.

For the record, Susan's favorites are old-time jazz greats like Louis Armstrong and Charlie Parker. On occasion she also gives the light classics a whirl.

She loves spending Saturdays, browsing through antique shops. A visitor to Greenwich Village is apt to see her in one of the stores on Bleecker Street.

See next page

One of Susan's favorite pastimes is going to auctions. There, with a sharp eye and some forthright bidding, she has managed to pick up a number of excellent furnishings for her apartment.

"Some girls collect jewelry, while others build up a terrific wardrobe. As for me, I simply go for beautiful things, antiques, paintings — even beautiful-sounding things, like great records." Thus, blonde, statuesque Susan Park explained the acquisitive activities that have enabled her to fill her New York apartment with a variety of eye-opening and ear-filling collector's items. Of course, being one of the East Coast's most popular glamor and fashion models helps a lot — for Susan's earnings are big enough these days to spare her ordinary worries about budgeting. She's had the collecting bug since the age of five when she boasted of owning the best-looking assortment of dolls in her neighborhood. Later her fancy turned to pictures of movie stars, then souvenir theatre programs and eventually current hit records. "What I'd really like to do," says Susan wistfully, "is to be able to buy original paintings. But prices like \$5,000 and up are out of my range. Still, I like to dream about it." This girl who's everything that dreams are made of needs only continued success to fulfill her ambition. The habit that started with dolls has become a real art, as practiced by one of the smartest-looking dolls ever to make a splash in the modelling business.

Yet, the habit of collecting isn't all play for this lovely lass. When it comes to her work, she's done quite well in collecting modeling assignments. What's more, one of her most prized possessions is her scrapbook to prove it.

Camlid Camera Visit to a NUDE DUDE RANCH

Sorry, hombre, but there's a NO MEN ALLOWED sign on the gate. That's why we had to send a gal fotog to focus on the PRIVATE PROPERTY that's uncovered by the Hollywood starlets on this spread!

Bess Thompson and May Landers make type of welcoming committee every man longs to have waiting for him.

There were other girls at the ranch at this time, but May, Bess and Kit gave our camera gal the best exposures.

But, alas, the only people the girls welcome on this ranch are—other girls. With Kit Ballow, below, they give the horses an eyeful.

HIDDEN away in the hills not far from the film capital of the world there's a forbidden paradise of naked Eves that very few men—even in hip Hollywood—know about. And, since the goodies in this paradise are strictly private preserves, it wouldn't do them any good even if they did know about it.

This is a place where Hollywood starlets take off for fun in the sun. Here the girls can strip away their everyday cares—along with their clothing—and enjoy themselves with the wholesome abandon of bare cubs in the woods.

Only \$10 a day, it's well within what an average starlet can afford. The rate is low because the girls really have to rough it. The only water comes from a pump, and they have to supply and cook their own food. They sleep on bunks, cots or, best of all, sleeping bags under the stars. They get gas (for cooking), electricity, refrigeration, the company of other girls who like the nudie way of life—and privacy.

And they love it! Wouldn't you?

Nature isn't the only thing that's in the raw as gals take turns in tub for Saturday night rub-down.

With May making a beautiful rhythm section, the girls get a big laugh at a fourth member of the Nudie Ranch who scurried off at sight of photog.

Transistor radio provides folk-rock rhythms from Los Angeles station, and the girls swing with the Big Beat while soaking up sunshine at the same time. The ranch is an exclusive hide-out in the Chatsworth Mountains, just 40 miles from Hollywood.

Bess, who starred in the recent nudie movie "Stripper On The Range," packs two sets of 38s—enough to stop any man. The more deadly set is part of her nicely upholstered 38-24-36.

See next page

First on an oat-burner, then on a fence railing, beautiful Bess gets a bouncy workout as part of her daily dozen at the delightful dude ranch for dolls. No tenderfoot she, Bess was brought up on a ranch in Arizona, but moved to Hollywood as soon as she was old enough to to know she wanted to be a movie star.

Maybe the wild West ain't as wild as it used to be, but there'd sure be plenty of stampedes—by wolfpacks—if the males of America only knew the location of this female hide-out in the hills! If the No Men Allowed signs weren't strictly enforced, cowpokes and city dudes alike would rush to put their brands on this herd of honeys. Talk about the guns that won the West!

It's horsin' around time as Bess hits the hammock and Mae gets a good boot while Kit adds her two-bits to the scenery. Back in Hollywood, the three girls share a six-room bungalow together not far from the studios.

Tuckered out from ridin' and rompin', the girls stretch out for a good tannin' by Ol' Sol. They try to spend one weekend each month at the Nude Dude Ranch, as a relaxin' change from the bustle of Flicksville, a chance to get away from noise and boys.

BALCONY SCENE

She's a Starr

Strictly speaking a star is not just any heavenly body that happens to come out at night. A true star is a self-illuminating heavenly body—one that's so hot, in other words, that it brings a glow to every other body around it. Strictly speaking, that's what Starr Williams does!

Like any real star, Starr Williams comes out both night and day—but people rarely see her except after dark. That's when, putting on her top hat and raising cane, she appears in plush nightclubs in a scintillating dance routine that leaves viewers blissfully aware of what is meant when a Starr is called a heavenly body. When this Starr shows herself in the daylight, it is usually in the privacy of her backyard, where she tans her teasing torso or—as in this case—poses for a glamor photog.

See next page

A "star" in more than name alone, she's one of the nation's top exotic dancers. "I hope people don't think that means I'm just a plain stripper!" Starr said.

Anybody who thinks Starr is a "plain" anything obviously never had the pleasure of running his eyes over her stellar attractions, either in the flesh or in such fotos like you're focusing on right here.

"A stripper," Starr explained, "comes out covered with clothes—sometimes with several bras and panties—and takes them off, one by one. They just walk back and forth, or do the B and G bit. Bump and grind, that is. An exotic dancer, on the other hand, often has practically nothing much on to begin with. She's a true poet—using her body to weave a spell, transporting her audience into an exotic world of magic excitement. See what I mean?" Actually, we didn't hear a word she said. As we watched her pose for these pix, we were transported into an exotic world . . .

Where's King Solomon?

One of the reigning beauties of yore was that sultry siren, the Queen of Sheba. One of the reigning beauties of today is the Sheba whose shape belongs to the style of here and now. Our Sheba is also a Queen by right of the many titles that have been bestowed upon her ever since she became old enough to present a perfectly filled-out form at various beauty contests.

"He spoke three thousand proverbs, and his songs were a thousand and five," but above all his other accomplishments, King Solomon had an eye for the dolls. And of all the cuties that caught his eye, none flipped his highness as hard as that Sheba baby. There are no pictures to show what she looked like, but if she looked anything like her namesake—shown here—then we can see why Solomon was considered a very wise man!

The vice king who wrote eulogic songs in praise of the Queen of Wales would be just the one to sing of the long list of delights that are brought to mind at the sight of beauty queen Sheba Drell

Our very Mod young Sheba has been chosen Flower Queen, Dairy Queen, Miss Teen Queen and Queen of the Florida Fruit Fair, among other titles. By any title, she's a royal treat!

What Does the Crystal Ball Say?

If you had Aladdin's lamp, you couldn't wish for anything more breathtaking, fabulous than gorgeous Gail herself.

It's not hard to believe miracles can happen, when you look at the miraculous happening that is Gail. And it takes no hocus pocus to realize that she could be the Open Sesame to a world of enchantment!

Oh for a wall-to-wall magic carpet—with this sexy Scheherazade in the middle of it! Many, indeed, are the wonderful mysteries to which Man still has no key. And most are to be found in a bewitching creature called Woman!

STORM WARNING

Maria is a model in Merrie
Old England at the present
moment. But if our luck is
with us, she will be sailing
westward very soon to give
the New York scene a go.

From her titian
tresses to her ten
little toes her
see-worthy design
is sure to make the
American male eager
to put his stamp
on this bundle
from Britain!

Off-shore, a square red flag with a black center gives warning when a good-sized storm is brewing. On land, you know a dream-sized Storm is near when the flaming red hair of Maria Storm comes into view.

England has that Mod look these days, and it's dolls like her who make it that way. Miniskirts, after all, are made to show off gams like Marie shows off here!

SWEET SUE— MOD STYLE

*No one else, it
seems, ever shared
granddaddy's dreams
quite like a gal by
the name of Sweet
Sue. Sue Owen is a
modern version of the
old time dreambeaut!*

While it stands out
more in the black pic,
the fact is in each
of these views, Sue
is showing something
that was very, very
daring to show in
granddaddy's day. (You
are right, gamert.)

And it isn't you I love. I change as I write. I'm quiet, don't care much for Hollywood. In "fun" and spend my time making and writing new "Pen Pals" exchanging ideas with a few "hug" fellows who take an interest in me.

I'm a figure model. But I got awfully tired of some "promoters" selling my special films and pics to just anyone. I decided to offer them myself. To my own trusted friends. Will you be my friend? Tell me about yourself. Then I'll send you an intimate personal letter, along with some most unusual film and photo samples (Won't you please enclose just \$1 to help cover expenses?) This can be a wonderful experience for both of us!

Your new friend

In James Bond Tradition:

Super-Spy Lets You 'See Through' Walls, Fences and Locked Doors!

Secret Viewer Offers Startling Variety of Uses!

A remarkable optical device about half the length of a cigarette now makes it possible for you to see without being seen. Your children, for example, can play in the "privacy" of an adjoining room — unaware that you can see everything they do.

Operation of the tiny device is as simple, almost impossible to detect. The lens opening is not much bigger than the head of a pin.

If you drilled an ordinary hole that size through a wall, fence or door you could see very little. But Super-Spy's unique optical principle called "X-Panel" installed in such an opening multiplies your field of vision over 425 times, by actual test! With "X-Panel" almost no detail of a room can escape your Super-Spy sight! That gives you some idea of Super-Spy's powers! But the real surprise is the price — three dollars!

Unlimited Uses:

Super-Spy's uses are unlimited. With Super-Spy, you can keep a eye on the kids while they take their naps, even if the door to their room is closed!

With Super-Spy installed you can observe beyond walls in your home office of factory — while you remain invisible!

Professional Uses Suggested:

Private and hotel detectives. Insurance investigators. Undercover agents. Security guards. Photographers.

Store owners — watch shoplifting suspects. Employers — get eye-witness proof of loafing or theft. Hospital staff — watch restless patients without disturbing them. Housewives — see a salesman or stranger at the door — while you stay safely hidden! Camera hobbyists can even take pictures through its low-distortion lens!

Important and Profitable

What will you do with Super-Spy? If it's important in your home, for you to know what people do when they don't know they're being watched (and there's no invasion of privacy) — get Super-Spy!

Order spares for opportunities to observe — without being observed! Order extras for friends they'll be glad to pay you a handsome profit!

Sales Are Limited!

Super-Spy is not designed nor intended for the "invasion of privacy" of innocent persons and will not knowingly be sold for this purpose.

Sold by D.A.

Super-Spy is now available to the public through a special division (Detection Appliances) of a reputable mail order firm.

5-Year Service Guarantee

Super-Spy® is sold with this 5-year guarantee. If it fails to work due to any defect in material or workmanship, you can return it as directed and pay ONLY the postage. With out any charge, D.A. will either repair or replace it!

All Rights Reserved

D.A. specifically reserves the right to refuse orders without explanation or liability, except for prompt return of payment.

UP FROM LOWER

Blazing a trail of beauty, ravishing Rita del Rea has already gone from Ensenada (in Lower California) up to San Diego on a journey that could lead all the way to Hollywood.

Lower California is really a part of Mexico, which helps explain the Latin spice in Rita's looks and the exotic rhythms in her pulse-pounding dances.

San Diego is feeling the full, and delightful brunt of Hurricane Rita's devastating dance at the moment, but her heart is set on movie fame. And what Rita wants, Rita—zowie, pow, shazam!

Putting a little light on the subject—and here's a subject that deserves a lot of studying—we find Audrey is 5'4" tall and tapes 38-24-35.

Stepping out of the shadows (see previous page) and into your dreams is a pixie-like creature named Audrey James who is well known to glamor photographers as one of New York's top swim suit models.

She weighs a sweetly packed 110 pounds—without her swim suit—and, for obvious reasons is every bit as shapely as her shadowy self!

DELISH DECOR...

that's the rapturous judgement of any male who's had the fab good fortune of prowling around the pad of the three young ladies shown here. They are all studying interior decorating—and the way they decorate their New York apartment is a joy to behold!

Marie Lacey is an exciting development from the Midwest—Missouri, to be exact. She plans to study decorating for two years in Manhattan, then two years in Paris. "I'll go to work after that," she says, "unless I'm lucky and get married first!" How can she miss? What man wouldn't want this Lacey bit of fluff decorating his private walkup?

Nothing gives one a lift like seeing eyefilling objets d'art upon entering a room. And Rusty Allen is a veritable treasure chest of artistry! She's from Miami.

Boston-born Alleis Adams adds her own figure study to pad's private collection.

A Knight

... is a Knight to remember!
Stormy Knight is what the signs shout in the blazing neons outside the Hippiess Ahoy Club where this sexy young strip-ling struts her sizzling stuff way down yonder in New Orleans!

Our candid cameraman almost had a storm on his hands when he poked his snoop-ing lens into Stormy's undressing room, but then she smiled—and it was like the sun breaking out from behind the thunderclouds! She was recent smash hit in Las Vegas.

Like This

You'll wish it were Stormy every time you go for a strip—after you've once seen her whip up gales of applause with dance.

A "BEATING-UP" TURNED THIS WEAKLING INTO A CHAMP!

Charles Atlas
"World's Most
Perfectly De-
veloped Man"

forming feats of strength that amazed the whole world!

The day after that beating, Charles Atlas began trying every exercise he had ever heard of. Then one day, visiting New York's famed Bronx Zoo, he asked himself: "How does the tiger keep in physical condition? You never see him with a barbell!"

Atlas Discovers the Secret!

He saw how the tiger exercised by stretching its muscles, one against the other. From this, he worked out the amazing "Dynamic-Tension" system of muscle-building that was to make him famous.

Within 12 months, Atlas had doubled his weight. He decided to help all weak, underdeveloped men who suffered as he had. So he made his amazing secret of "Dynamic-Tension" — the system that uses no weights or apparatus — available to men all over the world. Thousands have benefited from his remarkably effective system.

And, as the fame of Charles Atlas spread, he was challenged to perform many thrilling feats of strength. Once he pulled six automobiles, chained together, for a mile. Another time he towed a 72½-ton railroad car 112 feet along the tracks with a rope!

A far cry from the days of that 97-pound weakling who sobbed his way home after a beating, made a vow that changed his whole life — and since has changed the lives of so many others!

Charles Atlas Towing
Broadway Limited Ob-
servation Car 112 ft!

One night a frail 97-lb., 15-year-old youth was home through the tough water-front section of New York City. Suddenly, without warning, a brutal hoodlum loomed up out of the dark, and beat him senseless. That night the young man made a solemn vow: "Never will I let any man hurt me again."

The years ahead were to prove how well he kept that vow! For the name of that skinny youth was Charles Atlas — and he lived to become internationally famous as "The World's Most Perfectly Developed Man," per-

I Take OLD Bodies and Turn Out NEW Ones!

I'M NO MAGICIAN. Making healthy and handsome HE-MEN out of weaklings — turning "skin and bones" or flabby fat into SOLID MUSCLE — is simply my job. But my secret does work like "magic."

Do you want broader shoulders — a magnificent "barrel" chest — more powerful arms and legs — a mid-

section lined with solid-as-steel muscle? It's all waiting for you. Just check what you want — RIGHT IN THE COUPON BELOW. I'll show you how I can give it to you!

From "Mouse" to MAN!

You wouldn't believe it but I myself used to be a 97-lb. weakling. Fellows called me "SKINNY." Girls made fun of me behind my back. Then I discovered my remarkable muscle-building secret — "Dynamic-Tension." It turned me from a "bag of bones" into a barrel of muscle! And I felt so much better, so much on top of the world in my big, new, husky body, that I decided to devote my whole life to helping other fellows change themselves into "perfectly developed men."

"Dynamic-Tension" Works Fast!

My secret — "Dynamic-Tension" — is the NATURAL easy method you can practice right in the privacy of your own room — JUST 15 MINUTES EACH DAY — while you build up SOLID MUSCLE in all of the RIGHT PLACES — gain the kind of handsome and healthy build that women admire and men respect.

I give you no gadgets or contraptions. You simply use the SLEEPING muscle-power in your own body almost unconsciously every minute of the day — walking, bending over, even sitting at your table or desk!
